

THE DEFENDER OF THE MULTIVERSE

- A game about defending the main “crystal” in the center
- Player present simultaneously in 3 dimension : Terran, Zerg, Protoss
- Each dimension have different kind of unit which have difference kind of skill. Difference background too.
- In summary, Terran focus on **sustain & utility**, Zerg focus on **damage & number**, Protoss focus on **strong unit & defending**.
- Player need to defend the crystal using the skill, empower them, and try to survive the incoming attack from unit.
- When you change dimension, the world around you will rotate a bit
